Art Unit: 1761

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Lodge (EP 0,418,955, entire spec. and claim 5) in view of Fouache et al (cols. 1-4 and 6) as set forth in paragraph no. 4, Paper No. 042006.

3. Applicant's arguments filed July 24, 2006 have been fully considered but they are not persuasive. Motivation for replacing part of Lodge's maltodextrins with the branched maltodextrins disclosed in Fouache et al has been provided in the rejection set forth above via in Paper No. 042006. Although the purpose for using said branched maltodextrins may be different than applicant's intended purpose, the law of obviousness does not require that references be combined for the same reasons contemplated by the inventor, but only looks to whether some motivation or suggestion to combine references is provided by the prior art taken as a whole (In re Beattie, 24 USPQ 2d 1040). Since this burden has been met in said rejection, a prima facie case of obviousness has been established which has not been successfully rebutted by applicant.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
